

Introduction:

I am interested in your project-outsourcing of software, web, graphics –development, content-writing and system-administration jobs. I have freelancers- designers, graphic artists, content-writer, system-administrator and developers along myself, please note.

Please check for projects, testimonial, contact info etc. at my website: www.solutionsystem.net

I have 15 years+ experience in software development and graphics development on Microsoft, Linux and IRIX Platform, Web Technologies and Graphics Technologies.

Fee/Charges:

- ❖ Per hour:
 - USD \$15 per hour for programming, designing & content-writing
 - USD \$35 per hour for system-administration
- ❖ Project less than two weeks:
 - 50% advance
 - 50% after completion and bug fixing
- ❖ Project more than two weeks:
 - 25% advance
 - 50% in the middle
 - Remaining 25% after completion and bug -fixing

Tools:

Operating System:	Windows, Linux
Programming:	PHP, ASP, Cold Fusion, Visual Basic, .Net
Graphics:	Firework, Flash, Photoshop, Dreamweaver, 3d Studio Max, Poser
3rd Party:	Joomla, Wordpress, CMSMadeSimple, OSCommerce

P.S.: We do not work on violent-game/video (except Islamic, educational & clean)/music/dating/x-rated/poker/gambling/insurance/interest-based financial website.

The website' data-grabbing, crawler or auto-submitter project are also unfeasible us for doing – due to its unpredictable nature and normal project-to-project basis work.

Last but not least – We have verified Paypal account –
